

# DOWN CLEANER WASH INSTRUCTIONS

---

1. Shake well before use.
2. Place maximum 2 items in washing machine.
3. Add 40ml in the machine's dispenser.
4. Wash according to care label, (ideally on low setting and slow spin.)
5. After the washing cycle has finished if care label allows, tumble dry on a low heat, stopping the washing machine to gently shake item to restore down loft.
6. Air dry, simply use radiator to make sure down is fully dry. Once dry shake it until down loft has returned.
